GAUTENG LEGISLATURE Your View - Our Vision	

The Gauteng Provincial Legislature (Gauteng Legislature, GPL) is one of nine provincial legislatures in South Africa, which are a product of extensive negotiations that gave shape to the 1996 Constitution. The Constitution empowers the Legislature to make laws for Gauteng, oversee that the Gauteng government works efficiently and honestly, and ensure that the people of Gauteng participate in the running of their province.

The Legislature moved from Pretoria to Johannesburg in 1994 after the first democratic elections in 1994 and following a decision to move the Government of the Gauteng Province. The Johannesburg City Hall opened as the Gauteng Legislature's new home on 21 October of 1995.

#### HOW THE GAUTENG LEGISLATURE IS COMPOSED

The Legislature is a House comprising the speaker (who heads up the organisation) and Members of the Provincial Legislature (MPLs) from various political parties, allocated per the vote of the Gauteng Province. Political parties get seats in the Legislature through a system of proportional representation – meaning, the party with most votes gets the majority of MPLs in the House.

The Constitution empowers each of the nine provincial legislatures to make laws that apply uniquely to each of their provinces. MPLs divided into portfolio committees conduct the business of the House. Each committee is attached to a provincial government department (or cluster of departments) in the Provincial Government and enhances the department's ability to deliver services through advisory, monitoring and oversight.

**Standing committees deal with diverse issues** (other than government departments). These committees consider Bills and other matters referred to them either by the Speaker or the House.

Ad hoc committees work with various experts to matters that need specialised expertise. The Legislature's administration staff complement gives operational support to the committees. The administrative wing of the Legislature is headed by the provincial secretary (or secretary to the legislature).

#### LEGISLATURE OVERSIGHT'S ROLE

MPLs consider Bills placed before them by the provincial executive, comprised of the Premier of Gauteng and the Members of the Executive Council (MECs). MPLs debate Bills, budgets, statements and speeches by MECs in committee meetings or in plenary sessions of the Legislature. Committees have the power to summon MECs and Department officials to answer questions relating to service delivery in the Province. The MECs must be prepared to answer hard questions on how they are delivering a better life to the people of Gauteng. Committees can also undertake investigations into activities by government departments and such investigations are often open to public scrutiny.

The Legislature allows the people of Gauteng to participate in law-making and oversight processes. It is a Constitutional requirement that the Provincial Legislature affords Citizens an opportunity to partake in legislative processes – and this is an obligation that the Gauteng Provincial Legislature has vigorously embraced.

#### LAW MAKING

**New legislation starts out as a Bill**, which is carefully discussed to ensure that it is relevant to the needs of the Province, clear, practical and in line with the Constitution. MPLs also receive submissions from the people of Gauteng on matters of concern to the Province, which may require specific legislation to be instituted. MPLs can also initiate legislation individually, as can any of the Legislature's standing committees.

# APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT A MID-TERM EVALUATION OF THE SIXTH TERM STRATEGIC PLAN FOR GAUTENG PROVINCIAL LEGISLATURE FOR THE PERIOD OF SEVEN (7) MONTHS

#### 1. BACKGROUND AND INTRODUCTION

- 1.1 The Gauteng Provincial Legislature was established in 1994 in terms of the 1993 interim constitution of the Republic of South Africa. It now exists in terms of chapter six of the 1996 SA Constitution. It is constitutionally responsible for the following mandates:
- 1.1.1 Oversight and scrutiny: The Gauteng Legislature oversee the work of the Executive (government departments) and holds it to account.
- 1.1.2 Law-making: The Gauteng Legislature is responsible for passing provincial laws that are responsive to the needs of the people of Gauteng.
- 1.1.3 Public participation: The responsibility is to provide platforms for the people of Gauteng to participate in the business of the Legislature.
- 1.1.4 Co-operative governance: The Gauteng Legislature has a responsibility to co-operate and work harmoniously with the other organs of the state as per Chapter 3 of the Constitution.
- 1.2 During the beginning of the 5<sup>th</sup> Legislature, the Presiding Officers came up with several priorities which among others, included conducting evaluations to assess the performance of the GPL with regards to its mandates, mentioned in the earlier paragraphs. Consequently, a few studies including an assessment of the effectiveness of oversight tools, re-engineering of public participation, a perception survey on how the people of Gauteng perceive the GPL, and an assessment of the GPL law-making process were conducted during the 5<sup>th</sup> Legislature. Results of these studies informed the 2019/20 2024/25 strategic plan of the GPL (referred to in this document as the 6<sup>th</sup> Legislature Strategy).
- 1.3 Thus, the baseline figures contained in the 6<sup>th</sup> Legislature Strategy were informed by the above-mentioned studies. For example, baseline figures of 31%, 34%, 41% and 39% public satisfaction with how the GPL implement the oversight and scrutiny, public participation, law making, and the cooperative governance mandates respectively came from the 2018/19 GPL Perception Survey. The 6<sup>th</sup> Legislature Strategy focus areas such as improved monitoring of execution of passed laws; feedback provision; Committees of the House being drivers of sector parliaments and enhancement of oversight tools all emanated from the studies that were conducted before the 6<sup>th</sup> Legislature.
- 1.4 During the 6<sup>th</sup> Legislature, the GPL conducted a study in the 2021/22 FY to ascertain the effect of the Covid-19 pandemic on the operations of the GPL and by extension how the pandemic was affecting the execution of the constitutional mandates/strategic plan. The Covid-19 study sought views of the GPL internal stakeholders (MPLs and staff) and the study revealed that although all four mandates of the GPL were affected negatively, public participation and Oversight were affected the most.
- 1.5 The study further revealed that public hearings, stakeholder engagements and oversight visits were the top three affected activities of the Committees of the House. In terms of administration operations to support the execution of the constitutional mandates/6<sup>th</sup> Legislature Strategy, the study discovered that the Communications and Public

Participation and Petitions; Parliamentary Business; Operational Support Services, and Supply Chain Management were the top four directorates that were affected to a large extent by the Covid-19 restrictions. These results of the Covid-19 study suggest that the pandemic affected and is still affecting the implementation of the 6<sup>th</sup> Legislature Strategy, hence there is a need to keep this mind during the Mid-term assessment of the 6<sup>th</sup> Strategy.

- 1.6 Still during the 6<sup>th</sup> Legislature, although not conducted/commissioned by the GPL, the Gauteng City-Region Observatory (GCRO) conducted a Quality-of-Life (QoL) survey in the 2020/21 FY. Among other important findings, the survey revealed that satisfaction with all spheres of government declined considerably since 2017/18. Provincial government saw the largest decline in satisfaction, dropping 15 percentage points from 44% satisfied in 2017/18, to 29% satisfied in 2020/21.
- 1.7 Although the study was mainly executive centric, the impact results are crucial for the GPL noting that impact is multi-sectoral. At a broader level, the QoL survey revealed a decline in satisfaction with all government spheres including provincial, and the Mid-term review will investigate if the same was applicable to the GPL. The QoL Survey of 2020/21 FY also exposed a drop of three points in QoL Index score from 64 in 2017/18 and to 61 2020/21. This finding is also important in as far as the five-year goal/intermediate outcome (improved public confidence in the GPL) and long-term outcome/impact of the GPL (improved QoL of the people of Gauteng) are concerned. To understand the position of the GPL in the big scheme of things in terms of its contribution to the impact, an association between the public perceptions of the quality work the GPL does and their QoL will be tested. This exercise is crucial to assist the GPL determine the aptness of its Theory of Change (ToC) stipulated in the 6<sup>th</sup> Legislature Strategy.

#### 2. Mid-term Review (Research) Main Questions

- 2.1 Based on the background information presented above, this review seeks to answer the following two main questions:
  - 2.1.1 What progress has been made thus far towards achieving the 6th Legislature Strategy?
  - 2.1.2 How apt is the GPL ToC?

#### 3. Mid-term Review (Research) Secondary Questions

- 3.1 This study is guided by the following secondary review questions:
  - 3.1.1 To what extent do the people of Gauteng know the GPL?
  - 3.1.2 What is the extent of achievement of internally focused GPL outcomes?
  - 3.1.3 What is the level of confidence and trust in the GPL by the people of Gauteng?
  - 3.1.4 What are the perceptions of the people of Gauteng in relation to the execution of the four constitutional mandates by the GPL?
  - 3.1.5 What is the relationship between the perceptions on the QoL and the execution of the constitutional mandates?

3.1.6 What recommendations can be made to improve the achievement of both the internally and externally focused GPL outcomes?

#### 4. Mid-term Review (Research) Purpose and Objectives

- 4.1 The main purpose of the Mid-term review is to assess progress made thus far towards achieving the outcomes of the 6<sup>th</sup> Legislature strategic plan. In assessing the progress made thus far, the GPL ToC will also be tested for its appropriateness. The main purpose is achieved by investigating the following objectives, namely:
  - 4.1.1 To assess the extent to which the people of Gauteng are aware of the GPL
  - 4.1.2 To assess the achievement of internally focused GPL outcomes.
  - 4.1.3 To gauge the levels of confidence and trust in the GPL by the people of Gauteng.
  - 4.1.4 To assess the perceptions of the people of Gauteng in relation to the execution of the four constitutional mandates by the GPL.
  - 4.1.5 To assess the relationship between the perceptions on the QoL and the execution of the constitutional mandates.
  - 4.1.6 To make recommendations on how to improve the achievement of both the internally and externally focused GPL outcomes.

#### 5. Mid-term Review (Research) Hypotheses

- 5.1 The Mid-term review will test the following Null (H<sub>0</sub>) and alternative (H<sub>A</sub>) hypotheses to understand the association between the work of the GPL and QoL:
  - 5.1.1 H<sub>0</sub>: There is no association between the perceptions on the QoL and the execution of the oversight mandate.
  - 5.1.2 H<sub>A</sub>: There is an association between the perceptions on the QoL and the execution of the oversight mandate.
  - 5.1.3 H<sub>0</sub>: There is no association between the perceptions on the QoL and the execution of the law-making mandate.
  - 5.1.4 H<sub>A</sub>: There is an association between the perceptions on the QoL and the execution of the law-making mandate.
  - 5.6.1 H<sub>0</sub>: There is no association between the perceptions on the QoL and the execution of the public participation mandate.
  - 5.6.2 H<sub>A</sub>: There is an association between the perceptions on the QoL and the execution of the public participation mandate.
  - 5.6.3 H<sub>0</sub>: There is no association between the perceptions on the QoL and the public confidence in the GPL
  - 5.6.4 H<sub>A</sub>: There is an association between the perceptions on the QoL and the public confidence in the GPL
