- (b) The right to possession passes on the relevant date contemplated in paragraph (a) to the person referred to therein. 5
- (3) (a) The expropriated owner or expropriated holder who is in possession of the property concerned must take all reasonable steps to maintain the property from the date of expropriation to the date referred to in subsection (2) or (4).
- (b) The expropriating authority may recover any amount of depreciation caused by the willful or negligent failure of an expropriated owner or the expropriated holder to maintain the property. 10
- (c) The expropriating authority must compensate the expropriated owner or expropriated holder for costs necessarily incurred after the date of expropriation in respect of such maintenance. 15
- (4) If the expropriated owner or expropriated holder wishes to transfer the right to possession of the property before the date contemplated in section 8(3)(f) but the expropriating authority does not agree, the expropriated owner or expropriated holder may pass the right to possession to the expropriating authority by giving the expropriating authority prior written notice of at least 20 days. 20
- (5) The expropriated owner or expropriated holder who is in possession of the property from the date of expropriation to the date referred to in subsection (2)(b), remains—
- (a) entitled to the use of and the income from the expropriated property; and
- (b) responsible for the municipal property rates, taxes, levies and other charges, and normal operating costs in respect of the expropriated property. 25

Verification of unregistered rights in expropriated property

- 10.** (1) If, after the date of expropriation, a person claims to have held an unregistered right in the expropriated property for which that person has not been compensated, the expropriating authority must request that person to deliver within 30 days of receipt of the request, subject to section 23, a copy of any written instrument evidencing or giving effect to the unregistered right, if such instrument is in his or her possession or under his or her control, or any other evidence to substantiate the claim. 30
- (2) If the unregistered right, claimed as contemplated in subsection (1), pertains to the use of improvements on expropriated land, the evidence required in terms of subsection (1) must include— 35
- (a) a full description of those improvements;
- (b) an affidavit or affirmation by the person concerned stating whether those improvements were erected by that person and if so, whether the materials used for erecting those improvements were owned by that person; and 40
- (c) the amount claimed as compensation for such unregistered right, together with details or a report, if any, on how the amount is computed.
- (3) After receipt of the evidence requested in terms of subsection (1) and if the unregistered right claimed pertains to land, the expropriating authority may forward that evidence to the Directors-General responsible for rural development and land reform, for environmental affairs, for mineral resources and for water and sanitation, and to the accounting authority of any other organ of state, as the case may be, for assistance in the verification of such claim. 45
- (4) A Director-General or accounting authority referred to in subsection (3) must submit comments within 30 days of receipt of the request contemplated therein. 50
- (5) (a) The expropriating authority must decide on the claim contemplated in subsection (1) within 20 days of expiry of the period referred to in subsection (4) and notify the claimant in writing of the decision.
- (b) If the expropriating authority accepts the claim contemplated in subsection (1), the expropriating authority must serve the notice contemplated in section 11(2) on such claimant. 55
- (c) If the expropriating authority does not accept the claim contemplated in subsection (1), the expropriating authority must inform the claimant accordingly in writing and must provide reasons for the rejection.
- (6) The expropriating authority may require the expropriated owner to compensate a person who held an unregistered right, if that person was not given notice of the 60

expropriation as provided in this Act, and if the owner ought reasonably to have identified that person in terms of section 7(2)(j) but did not do so.

(7) The expropriating authority may exercise the power in terms of subsection (6) only after giving the expropriated owner a reasonable opportunity to make representations in that regard.

5

Consequences of expropriation of unregistered rights and duties of expropriating authority

11. (1) A person who becomes an expropriated holder by the operation of section 9(1)(b), subject to section 10 and this section, is entitled to compensation.

(2) If the expropriating authority becomes aware that an unregistered right in the expropriated property has been expropriated by the operation of section 9(1)(b) and becomes aware of the identity of the expropriated holder thereof, the expropriating authority must serve on that expropriated holder a notice that the unregistered right has been expropriated, together with a copy of the notice of expropriation served on the expropriated owner in terms of section 8(1).

15

(3) The notice contemplated in subsection (2) must—

- (a) inform the expropriated holder of the date on which the right to possession of the expropriated property passed to the expropriating authority in terms of section 9(2) or (4);
- (b) contain a statement contemplated in section 8(3)(f), if applicable; and
- (c) except if this information was furnished in terms of section 10(1), request the expropriated holder to deliver to the expropriating authority, within 20 days of receipt of the notice, subject to section 23, a copy of any written instrument in their possession or under their control which evidences the unregistered right.

20

(4) When a notice in terms of subsection (2) has been served on the expropriated holder concerned, this Act applies with the changes required by the context as if such notice were a notice of expropriation in terms of section 8(1) in respect of such unregistered right, but if that expropriated holder is a lessee, he or she remains liable to pay rental to the expropriated owner until the right to possession passes in terms of section 9(2) or (4) and, if applicable, thereafter to the expropriating authority.

30

(5) If the expropriated owner or expropriated holder knew of the existence of an unregistered right contemplated in subsection (2) and failed to inform the expropriating authority of the existence thereof, the expropriated owner or expropriated holder, as the case may be, is liable to the expropriating authority for any loss incurred in the event of the expropriating authority having to pay compensation for the expropriation of the unregistered right after the date of payment of compensation to the expropriated owner or expropriated holder, as the case may be.

35

CHAPTER 5

COMPENSATION FOR EXPROPRIATION

Determination of compensation

40

12. (1) The amount of compensation must be just and equitable reflecting an equitable balance between the public interest and the interests of the expropriated owner or expropriated holder, having regard to all relevant circumstances, including—

- (a) the current use of the property;
- (b) the history of the acquisition and use of the property;
- (c) the market value of the property;
- (d) the extent of direct state investment and subsidy in the acquisition and beneficial capital improvement of the property; and
- (e) the purpose of the expropriation.

45

(2) In determining the amount of compensation to be paid in terms of this Act, the expropriating authority must not, unless there are special circumstances in which it would be just and equitable to do so, take account of—

50

- (a) the fact that the property has been taken without the consent of the expropriated owner or expropriated holder;
- (b) the special suitability or usefulness of the property for the purpose for which it is required by the expropriating authority, if it is unlikely that the property would have been purchased for that purpose in the open market;

55

- (c) any enhancement in the value of the property, if such enhancement is a consequence of the use of the property in a manner which is unlawful;
 - (d) improvements made to the property in question after the date on which the notice of expropriation was served upon the expropriated owner or expropriated holder, as the case may be, except where the improvements were agreed to in advance by the expropriating authority or where they were undertaken in pursuance of obligations entered into before the date of expropriation;
 - (e) anything done with the object of obtaining compensation therefor; and
 - (f) any enhancement or depreciation, before or after the date of service of the notice of expropriation, in the value of the property in question, which can be directly attributed to the purpose in connection with which the property was expropriated.
- (3) It may be just and equitable for nil compensation to be paid where land is expropriated in the public interest, having regard to all relevant circumstances, including but not limited to—
- (a) where the land is not being used and the owner's main purpose is not to develop the land or use it to generate income, but to benefit from appreciation of its market value;
 - (b) where an organ of state holds land that it is not using for its core functions and is not reasonably likely to require the land for its future activities in that regard, and the organ of state acquired the land for no consideration;
 - (c) notwithstanding registration of ownership in terms of the Deeds Registries Act, 1937 (Act No. 47 of 1937), where an owner has abandoned the land by failing to exercise control over it;
 - (d) where the market value of the land is equivalent to, or less than, the present value of direct state investment or subsidy in the acquisition and beneficial capital improvement of the land; and
 - (e) when the nature or condition of the property poses a health, safety or physical risk to persons or other property.
- (4) When a court or arbitrator determines the amount of compensation in terms of section 23 of the Land Reform (Labour Tenants) Act, 1996 (Act No. 3 of 1996), it may be just and equitable for nil compensation to be paid, having regard to all relevant circumstances.
- (5) If the property is land, the expropriating authority must consider the amount of outstanding municipal property rates, taxes, levies and charges relating to the property when making an offer of just and equitable compensation.

Interest on compensation

- 13.** Interest, at the rate determined from time to time in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act No. 1 of 1999), from the date the expropriating authority, or the person on whose behalf the property was expropriated, takes possession of the expropriated property, accrues on any outstanding portion of the amount of compensation payable in accordance with section 12 and becomes payable in the manner contemplated in section 15: Provided that—
- (a) until the claimant complies with the requirement of section 15(5), the amount so payable during the period of such failure and for the purposes of the payment of interest, is not regarded as an outstanding amount;
 - (b) interest due in terms of this subsection must be regarded as having been paid on the date on which the amount has been made available or dispatched to the expropriated owner or the expropriated holder concerned by prepaid registered post, or electronically transferred to his or her account, as the case may be; and
 - (c) a payment, utilisation or deposit of an amount in terms of section 15(1), 17(2) or 18(1) or (2) must be regarded as being a payment to the expropriated owner or an expropriated holder and no interest accrues on any such amount as from the date on which it has been so paid, utilised or deposited.

Requests for particulars

- 14.** (1) The owner, mortgagee and holder of a right may request the expropriating authority, in writing, to provide reasonable particulars about the offer of compensation and particulars so requested must be furnished within 20 days of such request.

(2) If the expropriating authority fails to provide the requested particulars, the person making such a request in terms of subsection (1) may, on notice, apply to a court for an order directing the expropriating authority to comply with subsection (1) and the court may make such an order.

- (3) An offer of just and equitable compensation remains in force until— 5
- (a) revised by the expropriating authority;
 - (b) the amount of compensation has been agreed upon; or
 - (c) the compensation has been decided or approved by a court.

Payment of compensation

15. (1) Subject to sections 16, 17 and 18, an expropriated owner or expropriated holder is entitled to payment of compensation by no later than the date on which the right to possession passes to the expropriating authority in terms of section 9(2) or (4). 10

(2) The payment, utilisation or deposit of any amount contemplated in sections 16, 17 and 18 does not preclude the determination of an amount by agreement or by a court: Provided that where the amount so determined is less than the amount paid, the difference must be refunded to the expropriating authority together with interest at the rate contemplated in section 13 from the date on which the amount was so paid, utilised or deposited. 15

(3) Any delay in payment of compensation to the expropriated owner or expropriated holder by virtue of subsection (2) or any other dispute arising will not prevent the passing of the right to possession to the expropriating authority in terms of section 9(2) or (4), unless a court orders otherwise. 20

(4) If the expropriating authority, expropriated owner or expropriated holder has proposed a later date than the date contemplated in subsection (1) for the payment of compensation, the party proposing later payment may, in the absence of agreement, apply to court for an order for payment on such later date, and the court may make an appropriate order, having regard to all relevant circumstances. 25

(5) If value-added tax is leviable by a claimant in terms of section 7(1)(a) of the Value-Added Tax Act, 1991 (Act No. 89 of 1991), by virtue of section 8(21) of that Act, payment of compensation must be made by the expropriating authority only upon receipt of a tax invoice as required in terms of section 20 of that Act from the claimant, together with confirmation of the tax compliance status of the claimant by the South African Revenue Service. 30

(6) The Minister may prescribe the information and documentation to be delivered by a person to whom compensation or interest is payable in terms of this Act, in order to facilitate electronic payment thereof. 35

Property subject to mortgage or deed of sale

16. (1) If property expropriated in terms of this Act was, immediately prior to the date of expropriation, encumbered by a registered mortgage or subject to a deed of sale, the expropriating authority may not pay out any portion of the compensation money except to such person and on such terms as may have been agreed upon between the expropriated owner or expropriated holder and the mortgagee or buyer concerned, as the case may be, after the claimant has notified the expropriating authority of the agreement. 40

(2) The expropriated owner or expropriated holder or the mortgagee or buyer, as the case may be, must notify the expropriating authority by no later than 30 days from the date contemplated in section 9(2) or (4), of their agreement and its terms contemplated in subsection (1), failing which the expropriating authority may deposit the compensation money with the Master in terms of section 18(2). 45

(3) In the event of a dispute arising out of subsection (1), the expropriating authority may deposit the compensation money with the Master, and any of the disputing parties may apply to a court of competent jurisdiction for an order directing the Master to pay out the compensation money in such manner and on such terms as the court may determine. 50

Payment of municipal property rates, taxes and other charges out of compensation money 55

17. (1) The expropriating authority must pay outstanding municipal rates, taxes, levies and other charges out of the compensation money.

(2) If land which has been expropriated is subject to the charges contemplated in subsection (1), the municipal manager must, within 30 days of receipt of a copy of the notice of expropriation in terms of section 8(2)(c)(i), inform the expropriating authority in writing of such charges, as at the date contemplated in section 9(2) or (4), unless the expropriating authority is the municipal council of the municipality where the land is situated. 5

(3) (a) The expropriating authority must, in writing, notify the expropriated owner or expropriated holder of any outstanding charges contemplated in subsection (1).

(b) If the expropriated owner or expropriated holder does not dispute the outstanding charges contemplated in paragraph (a), within 20 days of the notification, the expropriating authority may utilise as much of the compensation money in question as is necessary for the payment, on behalf of the expropriated owner or expropriated holder, of any outstanding charges contemplated in subsection (1). 10

(4) If the municipal manager fails to inform the expropriating authority of the outstanding charges contemplated in subsection (1) within the period of 30 days as contemplated in subsection (2), the expropriating authority may pay the compensation to the expropriated owner or expropriated holder without regard to the outstanding municipal property rates or other charges, and in such an event and despite the provisions of any law to the contrary— 15

(a) the Registrar of Deeds must register the transfer of the expropriated property; 20

(b) the expropriating authority or the person on whose behalf the property was expropriated, as the case may be, is not liable to the municipality concerned before or after such registration for the outstanding municipal property rates or other charges; and

(c) despite the provisions of any other law, the expropriated owner remains liable to the municipality for rates and other charges levied on the property until the right to possession vests in the expropriating authority in terms of section 8(3)(f) or section 9(4). 25

Deposit of compensation money with Master

18. (1) The expropriating authority must deposit the amount of compensation payable in terms of this Act with the Master after which the expropriating authority ceases to be liable in respect of that amount— 30

(a) if a property expropriated under this Act was left in terms of a will or testament to an undetermined beneficiary or beneficiaries;

(b) if compensation is payable in terms of this Act to a person whose address is not readily ascertainable or who, unless otherwise agreed, fails to supply the prescribed information and documentation for electronic payment within 20 days of being given written notice to do so; or 35

(c) if compensation is payable and the expropriating authority, after reasonable endeavours, is unable to determine to whom it must be paid. 40

(2) In the event of a dispute or doubt as to the person who is entitled to receive compensation payable in terms of this Act, or in the event that an interdict prevents the expropriating authority from paying compensation to that person, the expropriating authority may deposit the amount of compensation with the Master.

(3) Any money received by the Master in terms of subsection (1) or (2) must be paid into the guardian's fund referred to in section 86 of the Administration of Estates Act, 1965 (Act No. 66 of 1965), for the benefit of the persons who are or may become entitled thereto and bear interest at the interest rate determined in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act No. 1 of 1999). 45

(4) A court of competent jurisdiction may make an order which it may deem expedient in respect of money received by the Master in terms of subsection (1) or (2). 50

CHAPTER 6

MEDIATION AND DETERMINATION BY COURT

Mediation and determination by court

19. (1) If the expropriating authority and a disputing party do not agree on the amount of compensation, they may attempt to settle the dispute by mediation, which must be initiated and finalised without undue delay by either party. 55

- (2) If the expropriating authority and disputing party do not settle the dispute by consensus or mediation, either party may, within 180 days of the date of the notice of expropriation, institute proceedings in a competent court for the court to decide or approve the amount of just and equitable compensation.
- (3) The disputing party may, instead of instituting such proceedings himself or herself, within 90 days of the date of the notice of expropriation request the expropriating authority, in writing, to institute such proceedings and the expropriating authority must institute such proceedings within 180 days of receiving such request.
- (4) A court may extend the time periods in subsections (2) and (3) on good cause shown and if the interests of justice so require.
- (5) The onus or burden of proof is not affected by whether it is the expropriating authority or the disputing party which institutes the proceedings referred to in this section.
- (6) Subsection (2) does not preclude a person from approaching a court on any matter relating to the application of this Act.
- (7) Where a court finds that a provision of this Act has not been complied with, it may make such order as it considers just and equitable, having regard to all relevant circumstances, including—
- (a) the nature and extent of the interest of the person who has challenged the conduct in question;
 - (b) the materiality of the non-compliance;
 - (c) the stage which has been reached in the expropriation process; and
 - (d) the interests of other persons which may be affected by the relief which is ordered.
- (8) Any appeal against the decision of a court on the amount of compensation will not prevent the expropriating authority from expropriating for the amount approved or decided, unless a court grants an interim interdict based on compelling prospects of success of the appeal.
- (9) A court may make any order as to costs that it considers just and equitable for proceedings contemplated in subsections (2) and (3).

CHAPTER 7

URGENT EXPROPRIATION

Urgent expropriation

- 20.** (1) An expropriating authority may, if a property is required on an urgent basis, exercise a right to use property temporarily for so long as it is urgently required for a period not exceeding 12 months.
- (2) The power referred to in subsection (1) may only be exercised if suitable property held by the national, provincial or local government is not available under the following circumstances:
- (a) In the case of a disaster as defined in the Disaster Management Act, 2002 (Act No. 57 of 2002); or
 - (b) where a court grants an order that an expropriating authority is entitled to use the provisions of this section due to—
 - (i) urgent and exceptional circumstances that justify action under subsection (1);
 - (ii) real and imminent danger to human life or substantial injury or damage to property; or
 - (iii) any other ground which in the view of the court justifies action under subsection (1).
- (3) Should an expropriating authority exercise the power referred to in subsection (1), the expropriating authority will be exempted from compliance with the provisions of sections 5(1), 6(1) and 7(1), but if the property is land, the expropriating authority becomes liable for the municipal property rates, taxes, levies and similar charges from date of expropriation.
- (4) The owner or the holder of a right whose right in property has been taken for temporary use in terms of this section is entitled to just and equitable compensation as calculated, determined and paid in terms of this Act.
- (5) The expropriating authority must make a written offer of compensation to the expropriated owner or expropriated holder of a right as soon as reasonably possible, but no later than 30 days from the date on which the notice to use the property temporarily

was given, and payment must be made as soon as reasonably possible thereafter: Provided that in the event of any dispute, section 19 applies.

(6) If the property taken for temporary use in terms of this section is damaged during the use of the property, the expropriating authority must repair such damage or compensate the owner or the holder of a right concerned for the damage. 5

(7) (a) If an expropriating authority wishes to extend the period of temporary usage beyond 12 months and the owner or the holder of a right whose right in property has been taken does not agree thereto, the expropriating authority may approach the court for an extension of the period.

(b) The court may, on sufficient cause shown by the expropriating authority, extend 10 the period of temporary usage.

(c) The period of extension may not exceed 18 months from the date the property was taken for temporary use in terms of subsection (1).

(8) If the court refuses to grant an extension as applied for in terms of subsection (7), the expropriating authority must return or vacate the property on the expiry of the period of temporary use or on the date agreed to by the parties or determined by the court. 15

(9) An expropriating authority may at any time during the temporary use of the property, commence with the expropriation of the property and must comply with all relevant provisions of this Act.

(10) If the property in question is damaged as a result of the performance of an act 20 contemplated in subsection (1), the expropriating authority must repair to a reasonable standard, or compensate the affected person for that damage after delivery of a written demand by the affected person and without undue delay.

CHAPTER 8

WITHDRAWAL OF EXPROPRIATION

25

Withdrawal of expropriation

21. (1) (a) Notwithstanding anything to the contrary contained in any law, the expropriating authority may withdraw any expropriation from a date mentioned in a notice of withdrawal, if the withdrawal of that expropriation is in the public interest, or the reason for which the property was expropriated is no longer applicable. 30

(b) The notice of withdrawal contemplated in paragraph (a) must be served on every person on whom the notice of expropriation in question was served.

(2) An expropriation may not be withdrawn—

(a) after the expiration of three months from the date of expropriation, except with the written consent of the expropriated owner and all expropriated 35 holders or, in the absence of a written consent, if a court, on application by the expropriating authority, authorises the withdrawal on the ground that it is in the public interest that the expropriation be withdrawn;

(b) if, where the expropriated property is land, the property has already been registered in the name of the expropriating authority in consequence of the expropriation; or 40

(c) if the expropriating authority has already paid compensation in connection with such expropriation, unless the agreement in writing of every person to whom the compensation has been paid is obtained.

(3) If an expropriation of property is withdrawn— 45

(a) ownership of the property concerned again vests, from the date contemplated in subsection (1), in the owner from whom it was expropriated, and any mortgage or other rights discharged or expropriated in connection with or as a consequence of the expropriation are fully revived;

(b) the Registrar of Deeds or the registrar of any other office at which such 50 expropriated right was registered or recorded must, on receipt of a copy of the notice of withdrawal, cancel any endorsement made in connection with the expropriation in his or her registers and on the title deed in question; and

(c) the expropriating authority is liable for all reasonable costs and damages incurred or suffered by a claimant as a result of such withdrawal. 55

CHAPTER 9
RELATED MATTERS

Service and publication of documents and language used therein

22. (1) Whenever a notice in terms of sections 7(1), 8(1), 11(2) or 17(3)(a) or a notice of withdrawal in terms of section 21(1)(b) is required to be served in terms of this Act, the original or a certified copy thereof must—
- (a) be delivered or tendered to the addressee personally at his or her residential address, place of work, place of business or at such address or place as the expropriating authority and the addressee may, in writing, agree upon;
 - (b) be posted by pre-paid registered post to the postal address of the addressee;
 - (c) be published in the manner contemplated in subsection (2)—
 - (i) if the whereabouts of the person concerned are unknown to the expropriating authority and is not readily ascertainable, after taking reasonable steps; or
 - (ii) in the case of *fidei commissaries* in respect of a property which is subject to a *fidei commissum* and it is not known to the expropriating authority who all the *fidei commissaries* are or will be; or
 - (d) if none of the modes of service set out in paragraphs (a) to (c) is practicable under the circumstances, be served in accordance with such directions as the court, on application, may direct.
- (2) Whenever publication of a notice in terms of section 7(1) or (6)(b)(ii), a notice of expropriation or other document is required by this Act, publication must take place—
- (a) in English and in any other official language commonly used in the area where the property is situated, once in the *Gazette* and, simultaneously therewith or not more than one week thereafter, once in two widely circulated and accessible newspapers of different languages circulating in the area in which the property is situated;
 - (b) if the property is land, by the display of the notice in the languages referred to in paragraph (a), on such land in a conspicuous place, from not later than the date of publication in the *Gazette* contemplated in paragraph (a); and
 - (c) if the expropriating authority deems it necessary in the circumstances, by the advertising in such languages as may be appropriate on television or radio, transmitting to the area where the property is situated in the languages commonly used in that area, the contents of the advertisement to adhere as closely as is practicable to the contents of the notice or document so advertised.
- (3) Whenever a document must or may be delivered in terms of this Act, it must take place by delivering—
- (a) to the owner and holder of an unregistered right in a property known to the expropriating authority, at the address appointed in the notice in terms of section 7(1), the notice of expropriation, the notice in terms of section 11(2) or other document, as the case may be; and
 - (b) to any owner, holder of an unregistered right, person who has lodged an objection or submission contemplated in section 7(2)(h), expropriated owner and expropriated holder, at the address or facsimile number appointed by such person in terms of this Act, or in the absence thereof—
 - (i) at an address supplied in respect of such person in terms of this Act;
 - (ii) at the residential or postal address of such person, if known to the expropriating authority; or
 - (iii) if no address of such person is known to or readily ascertainable by the expropriating authority, by publication in the manner contemplated in subsection (2)(a).
- (4) The delivery contemplated in subsection (3) must take place at the address in question either by—
- (a) hand;
 - (b) facsimile transmission: Provided that a confirmatory copy of the document is sent by ordinary mail or by any other suitable method within one day of such transmission; or
 - (c) registered post.

(5) All documents must be in English and if an addressee has prior to a communication expressed in writing a preference for another official language, also in that preferred other official language.

(6) Every addressee who has received a written communication from the expropriating authority is entitled to request, in writing, a translation of that communication into the official language indicated in the request. 5

Extension of time

23. (1) An expropriating authority may extend any period, which is applicable to persons mentioned in paragraphs (a) and (b), in terms of this Act on written request and good cause shown: 10

- (a) The relevant owner or holder of a right or other interested or affected person for a further period or periods as may be reasonable in the circumstances.
- (b) by another organ of state or functionary for a further period or periods as may be reasonable in the circumstances, but not more than double the original period. 15

(2) An expropriating authority may extend any period applicable to itself in terms of this Act, if—

- (a) the owner, holder of a right or interested and affected person agrees to a written request by the expropriating authority; or
- (b) there is good cause for the extension. 20

(3) For the purposes of subsections (1) and (2), good cause may include circumstances where compliance with the provision requires—

- (a) searching for and compiling a large number of documents and compliance with the original period would unreasonably interfere with the activities of the organ of state concerned, or would impose an unreasonable burden on the persons contemplated in subsection (1)(a); 25
- (b) searching for and compiling information or documents from a source not situated in the same town or city, as may be reasonable in the circumstances, the persons contemplated in subsections (1)(a), (b) and (2), the completion of which cannot reasonably be completed within the original period; 30
- (c) consultation among divisions of the organ of state or another organ of state, which is necessary and desirable for the purposes of this Act, but which cannot reasonably be completed within the original period; or
- (d) more than one of the circumstances contemplated in paragraphs (a), (b) and (c) exist, making compliance with the original period not reasonably possible. 35

(4) If the expropriating authority extends a period—

- (a) in terms of subsection (1), it must notify the requestor as soon as reasonably possible, but in any event within 20 days of the outcome of the request; and
- (b) in terms of subsection (2), it must notify the owner, holder of a right or interested and affected person as soon as reasonably possible, but in any event within 20 days, of making the extension. 40

(5) The notice in terms of subsection (4) must—

- (a) state the duration of the extension;
- (b) give adequate reasons for the extension, including the provisions of the Act relied on; and 45
- (c) if the recipient is a person contemplated in subsection (1)(a), draw attention to the provisions of section 19(6).

Expropriation register

24. (1) The Director-General must ensure that a register of all expropriations that are intended, effected and withdrawn, and of decisions not to proceed with a contemplated expropriation by all expropriating authorities, is opened, maintained and accessible to the public. 50

(2) All expropriating authorities must deliver to the Department a copy of any notice of an intended expropriation, expropriation and withdrawal of expropriation, and of any decision not to proceed with an intended expropriation, within 20 days of the service or delivery of such notices. 55

Offences and fines

- 25.** (1) An owner or holder of a right commits a breach of this Act if that person fails to—
- (a) comply with a directive by the expropriating authority in terms of section 7(2)(j); or 5

MEMORANDUM ON THE OBJECTS OF THE EXPROPRIATION BILL, 2020

1. Background

- 1.1 The Constitution of the Republic of South Africa, 1996 (“Constitution”), recognises expropriation as an essential mechanism for the State to acquire another’s property for a public purpose or in the public interest, subject to just and equitable compensation being paid.
- 1.2 The Expropriation Act, 1975 (Act No. 63 of 1975) (“Expropriation Act”), predates the expropriation mechanism provided for in section 25(2) of the Constitution. The Constitution is the supreme law of the Republic, legislation or conduct inconsistent with it is invalid, and the obligations it imposes must be fulfilled. The peremptory terms of section 2 of the Constitution strengthens the case for the redrafting of the Expropriation Act to ensure consistency with the spirit and provisions of the Constitution. The provisions of the Constitution alluded to are: The right to equality (section 9), property rights (section 25), access to information (section 32), and lawful, reasonable and procedurally fair administrative action (section 33).
- 1.3 Given the array of authorities within all spheres of government which have the power to expropriate property through various pieces of legislation, there is a need to ensure uniformity in the way organs of state undertake expropriation. The Expropriation Bill, 2020 (“Bill”) seeks to ensure consistency with the Constitution and uniformity of procedure of all expropriations without interfering with the powers of expropriating authorities.

2. Objects of Bill

The Bill seeks to repeal the Expropriation Act and to provide a common framework in line with the Constitution to guide the processes and procedures for expropriation of property by organs of state and to provide for instances where expropriation with nil compensation may be just and equitable.

3. Summary of Bill

3.1 Chapter 1: Definitions and application of Act

Clauses 1 and 2 contain definitions and deal with the application of the proposed legislation, determining that an expropriating authority may not expropriate property arbitrarily or for a purpose other than a public purpose or in the public interest. The expropriating authority is obliged to enter into negotiations with the owner of property required for such purposes and attempt to reach an agreement on the acquisition of the property before resorting to expropriation, except in circumstances where the right to use property temporarily is taken on an urgent basis (clause 20). The Bill proposes that no property may be expropriated unless the prescribed procedures have been followed.

3.2 Chapter 2: Powers of Minister of Public Works and Infrastructure to expropriate

Clauses 3 and 4 grant a general power to expropriate to the Minister of Public Works and Infrastructure (“Minister”). The Minister is empowered to expropriate property for purposes connected with the execution of his or her mandate, which includes the provision and management of the accommodation, land and infrastructure needs of organs of state. The Minister may delegate or assign his or her powers and duties contained in the Bill to an official of the Department of Public Works and Infrastructure (“Department”), except for the power to—

- (a) expropriate;
- (b) expropriate urgently on a temporary basis;

- (c) withdraw an expropriation; or
- (d) make regulations.

3.3 Chapter 3: Investigation and valuation of property

- 3.3.1 Clauses 5 and 6 deal with the pre-expropriation phase and detail various procedures to be followed by an expropriating authority prior to an expropriation. These procedures are used to ascertain the suitability of the property for the purpose for which it is required and to gather information on the existence of registered and unregistered rights in such property and the impact of such rights on the intended use thereof. It is also proposed in the Bill that the expropriating authority may authorise persons to enter the property with a view to surveying and valuating the property, amongst other things. Provision is also made for a person to claim compensation should the property concerned be damaged as a consequence of the evaluation of the property.
- 3.3.2 In gathering the information, the expropriating authority is obliged to consult with other organs of state that may be affected by the expropriation. The Departments responsible for rural development and land reform, for environmental affairs, for mineral resources, for water and sanitation, any other organ of state whose functions and responsibilities will be materially affected by the intended expropriation and the relevant municipality must be consulted to ascertain the impact of the proposed expropriation on the rights administered by those Departments and in the case of municipalities, to ascertain the effect which an expropriation will have on municipal planning.

3.4 Chapter 4: Intention to expropriate and expropriation of property

- 3.4.1 Clauses 7 to 11 deal with the post-investigation phase. At this stage of an expropriation, the expropriating authority would have gathered all information, consulted with all parties affected by the expropriation and decided to expropriate. In terms of clause 7, the expropriating authority must serve all the affected parties known to him or her with a notice of intention to expropriate. This notice will amongst other things include a statement of the intention to expropriate the property, the description of the property, the purpose for which the property is required, the reason for the intended future date of expropriation and a directive to the owner, mortgagee and holders of rights to furnish particulars of holders of rights, other than those listed, known to them. The notice must consist of an offer of compensation from the expropriating authority. Rights must be expropriated individually and separate notices must be given to separate right holders. All affected parties are given the opportunity to submit written objections within a stipulated period. The expropriating authority must consider all written responses to the offer of compensation, as well as any objections and submissions lodged, before proceeding with an expropriation. The expropriating authority may decide to expropriate the property after the amount of compensation has been agreed with the owner, mortgagee or holder of a right, or approved or decided by a court.
- 3.4.2 Clause 8 deals with the notice of expropriation. If the expropriating authority decides to expropriate a property, the expropriating authority must cause a notice of expropriation to be served on the relevant expropriated owner, mortgagee and expropriated holder. Extensive provision is made regarding the contents of the notice of expropriation. It must, amongst others, contain a full description of the property, a description of the purpose for which the property is expropriated, the reason for the expropriation, the date of expropriation and the amount of compensation agreed upon or approved or decided by a court. The

notice must furthermore be accompanied by documents setting out, amongst others, the date of payment of the compensation, indicating the property by way of a survey diagram or sketch plan, an explanation of how the amount of compensation was arrived at, together with supporting documents.

- 3.4.3 Clause 9 states the effect expropriation will have on the property concerned, which includes that ownership of the property vests in the expropriating authority and that all unregistered rights in the property are expropriated, subject to certain exceptions. Furthermore, the expropriating authority, or the person on whose behalf the property was expropriated, must take possession of the expropriated property on the date stated in terms of clause 8(3)(f) or such other date as may be agreed upon with the expropriated owner or expropriated holder. Until the date of possession, the expropriated owner or expropriated holder who is still in possession of the property must take care of and maintain the property. The expropriated owner or expropriated holder must be compensated for costs necessarily incurred for the maintenance of the property.
- 3.4.4 Clause 10 deals with claims made in respect of unregistered rights in property, which property has already been expropriated. Provision is made for the submission of evidence to the expropriating authority and for the duties of the expropriating authority in this regard. A further obligation is imposed on the expropriated owner to compensate a person who held an unregistered right if that person was not given notice of the expropriation and the owner ought to have reasonably identified that person. The expropriated owner affected by this situation is entitled to be given a reasonable opportunity to make representations to the expropriating authority. In terms of clause 11, an expropriated holder is entitled to compensation.

3.5 Chapter 5: Compensation for expropriation

- 3.5.1 Clauses 12 to 18 deal with the determination and payment of compensation to persons whose property or rights are expropriated. Section 25(3) of the Constitution determines that the amount of compensation and the time and manner of payment must be just and equitable, reflecting an equitable balance between the public interest and the interests of those affected, having regard to all relevant circumstances, including—
- (a) the current use of the property;
 - (b) the history of the acquisition and use of the property;
 - (c) the market value of the property;
 - (d) the extent of direct state investment and subsidy in the acquisition and beneficial capital improvement of the property; and
 - (e) the purpose of the expropriation.
- 3.5.2 Provision is made in clause 12 for factors which must not be taken into account when the amount of compensation is determined. These are—
- (a) the fact that the property has been taken without the consent of the expropriated owner or expropriated holder;
 - (b) the special suitability or usefulness of the property for the purpose for which it is required by the expropriating authority, if it is unlikely that the property would have been purchased for that purpose in the open market;
 - (c) any enhancement in the value of the property, if such enhancement is a consequence of the use of the property in a manner which is unlawful;
 - (d) improvements made on the property after the date on which the notice of expropriation was served upon the expropriated owner and expropriated holder, except where the improvements were

- agreed on or were undertaken in pursuance of obligations entered into before the date of expropriation;
- (e) anything done with the object of obtaining compensation therefor; and
 - (f) any enhancement or depreciation, before or after the date of service of the notice of expropriation, in the value of the property in question, which can be directly attributed to the purpose in connection with which the property was expropriated.
- 3.5.3 Clause 12 further provides for situations wherein it may be just and equitable and in the public interest to pay nil compensation for land earmarked for expropriation. These instances include the following:
- (a) Where the land is not being used and the owner's main purpose is not to develop the land or use it to generate income, but to benefit from appreciation of its market value;
 - (b) where an organ of state holds land that it is not using for its core functions and is not reasonably likely to need the land for its future activities in that regard, and the organ of state acquired the land for no consideration;
 - (c) notwithstanding registration of ownership in terms of the Deeds Registries Act, 1937 (Act No. 47 of 1937), where an owner has abandoned land by failing to exercise control over it;
 - (d) where the market value of the land is equivalent to, or less than, the present value of direct state investment or subsidy in the acquisition and beneficial capital improvement of the land; and
 - (e) when the nature or condition of the property poses a health, safety or physical risk to persons or other property.
- 3.5.4 When a court or arbitrator determines the amount of compensation in terms of section 23 of the Land Reform (Labour Tenants) Act, 1996 (Act No. 3 of 1996), it may be just and equitable for no compensation to be paid having regard to all circumstances.
- 3.5.5 Clause 13 makes provision for the payment of interest on any outstanding amount of compensation once the expropriating authority has taken possession.
- 3.5.6 Clause 14 provides for certain particulars the owner, mortgagee and holder of a right may request from the expropriating authority regarding an offer of compensation.
- 3.5.7 Clause 15 deals with the manner in which the payment of the amount offered as compensation must be made.
- 3.5.8 Clause 16 deals with instances where expropriated property is subject to a mortgage or a deed of sale and provision is made as to whom payment of the amount of compensation must be paid.
- 3.5.9 Provision is made in clause 17 for the payment, from the compensation money, of property rates, taxes and other charges relating to the property concerned by the expropriating authority. Should a municipal manager fail to inform the expropriating authority of outstanding municipal property rates, taxes or other charges, the expropriating authority may pay the compensation to the expropriated owner or expropriated holder without regard to outstanding municipal property rates, taxes or other charges.
- 3.5.10 Clause 18 makes provision for instances where the amount of compensation may be deposited with the Master of the High Court.

3.6 Chapter 6: Mediation and determination by court

Clause 19 provides that in the absence of agreement on compensation, either party may institute legal proceedings in a competent court within a stipulated period. The disputing party has the option to request the expropriating authority, in writing, to institute legal proceedings. Both the request by the disputing party and the institution of the proceedings by the expropriating authority must take place within a stipulated time period.

3.7 Chapter 7: Urgent expropriation

Clause 20 deals with urgent expropriations. In the case of a disaster, urgent and exceptional circumstances, real and imminent danger, or if a court so orders, an expropriating authority may exercise a right to use property temporarily for a period not exceeding 12 months. The expropriating authority is exempted from certain provisions of the envisaged Act should it exercise the right to take property temporarily on an urgent basis. The expropriating authority must within 30 days of the notice to use the property temporarily make a written offer of compensation to the owner or holder. Provision is made for compensation in the case of damage to the property concerned and for the extension of the period of 12 months by order of court.

3.8 Chapter 8: Withdrawal of expropriation

Clause 21 authorises an expropriating authority to withdraw an expropriation if the withdrawal is in the public interest or the reason for which the property was expropriated is no longer applicable. Under certain specified instances, an expropriating authority may not withdraw the expropriation. Provision is also made for the effect a withdrawal of an expropriation has on ownership of the property. Provision is made that the expropriating authority will be liable for all reasonable costs and damages incurred or suffered by the claimant as a result of the withdrawal.

3.9 Chapter 9: Related matters

- 3.9.1 Clauses 22 to 31 deal with—
- (a) service and publication of documents;
 - (b) extension of time allowed for certain actions;
 - (c) a register of all expropriations;
 - (d) offences and other related matters;
 - (e) the power of the Minister to make regulations;
 - (f) validity of regulations, legal documents and steps under certain circumstances;
 - (g) impact on existing legislation;
 - (h) repeal of the Expropriation Act;
 - (i) transitional arrangements and savings; and
 - (j) the short title and commencement of the envisaged Expropriation Act, 2020.
- 3.9.2 Provision is made for the service of documents and the publication of expropriation notices and related documentation which includes the use of radio and television under specific circumstances.
- 3.9.3 The Department will be required to establish and maintain a register of all expropriations, which register must be accessible to the public. All expropriating authorities will be obliged to provide the Department with copies of all notices of—
- (a) contemplated expropriations;
 - (b) decisions not to proceed with contemplated expropriations;
 - (c) expropriations; and
 - (d) withdrawal of expropriations.

- 3.9.4 Chapter 9 also deals with offences relating to—
- (a) failure to provide information or documentation as prescribed in the Bill; and
 - (b) wilful furnishing of false or misleading information.
- 3.9.5 As far as existing laws dealing with expropriation are concerned, clause 28 proposes that those laws continue to apply to the extent that they are consistent with the provisions of the envisaged Act. In the event of a conflict between the envisaged Act and such existing laws, the envisaged Act will prevail.
- 3.9.6 The Bill seeks to repeal the Expropriation Act and provision is made for certain transitional arrangements and savings.
- 3.9.7 Finally, provision is made for the short title and commencement of the envisaged Act. The envisaged Act will not apply to expropriations initiated prior to the commencement of the Act. Proceedings instituted before the commencement of the envisaged Act for compensation resulting from expropriation must be concluded as if the envisaged Act had not been passed. However, the parties may agree that the provisions of the envisaged Act will apply.

4. Bodies consulted

In the development of the Bill, the Department sought advice from various prominent legal practitioners on specific constitutional and practical matters relating to expropriation. The Bill was initially published in the *Gazette* for comment on 21 December 2018. Wide-ranging submissions were received from organised agriculture; commerce and industry; the financial sector; the legal fraternity; the property industry; professional associations; public entities; government departments and members of the public.

5. Implications for provinces

The Bill does not seek to interfere with the powers of expropriation conferred by specific legislation but prescribes uniform procedures to be followed by all expropriating authorities when exercising their powers.

6. Financial implications for State

- 6.1 Section 25(2) and (3) of the Constitution obligates the State to pay persons affected by expropriation compensation that is just and equitable, reflecting an equitable balance between the public interest and the interests of those affected, having regard to all relevant circumstances.
- 6.2 The implementation of the uniform procedures for expropriation should not have a significant impact on the staff structures of expropriating authorities.
- 6.3 Implementation of the envisaged Act will have financial implications for the Department in that it will—
- (a) establish capacity to provide guidance on the uniform procedures to all expropriating authorities; and
 - (b) be responsible for the development and maintenance of the expropriation register, which will require the development of a database accessible to the public and dedicated personnel.

7. Parliamentary procedure

- 7.1 Sections 74 to 77 of the Constitution contain the procedures that have to be followed in respect of different types of Bills introduced in Parliament. It is important to determine which section applies— colloquially referred to as the tagging of the Bill in order to ensure that the Bill is passed in a constitutionally sound manner. Sections 74 to 77 deal with the following:

- section 74: Bills amending the Constitution;
- section 75: Ordinary Bills not affecting provinces;
- section 76: Ordinary Bills affecting provinces; and
- section 77: Money Bills.

- 7.2 The State Law Advisers have considered the provisions of the Bill and are of the view that sections 74, 75 and 77 do not apply in respect of the Bill, and that the Bill must be dealt with in accordance with the procedure prescribed by section 76(3) of the Constitution since the Bill in substantial measure falls within several of the areas of concurrent national and provincial legislative competence listed in Schedule 4 to the Constitution.¹
- 7.3 This view is based on the application of the *Tongoane* judgment² of the Constitutional Court and the views held therein regarding the tagging of Bills.
- 7.4 In the *Tongoane* judgment the Constitutional Court stated that what matters for the purposes of tagging is not the substance or the true purpose and effect of the Bill, but rather, whether the provisions of the Bill in substantial measure fall within a functional area listed in Schedule 4. The Court furthermore stated that the tagging test focuses on all the provisions of the Bill in order to determine the extent to which those provisions substantially affect functional areas listed in Schedule 4, and not whether or not any of the provisions are incidental to the Bill's substance.³ The Court furthermore stated that the process of tagging of a Bill "... is concerned with the question of how the Bill should be considered by the provinces and in the NCOP, and how a Bill must be considered by the provincial legislatures depends on whether it affects the provinces. The more it affects the interests, concerns and capacities of the provinces, the more say the provinces should have on its content."⁴
- 7.5 Since the Bill seeks to serve as a uniform legislative measure which would in future be applied by any expropriating authority to expropriate land in a constitutional manner and since the Bill seeks to repeal the Expropriation Act, the envisaged Act would find application in the performance of functions relating to the majority of areas of concurrent national and provincial legislative competence listed in Schedule 4 to the Constitution.
- 7.6 The State Law Advisers are therefore of the view that, since the Bill in substantial measure falls within functional areas listed in Schedule 4, it must be dealt with in accordance with the procedure prescribed by section 76(3) of the Constitution.
- 7.7 The State Law Advisers are furthermore of the opinion that it is necessary to refer the Bill to the National House of Traditional Leaders in terms of section 18(1)(a) of the Traditional Leadership and Governance Framework Act, 2003 (Act No. 41 of 2003), since it may impact on the customs of traditional communities.
