APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT AN ORGANISATIONAL REVIEW AND PROPOSE THE ORGANISATIONAL ARCHITECTURE FOR THE GPL WITHIN A PERIOD OF 100 DAYS.

1. INTRODUCTION

The Gauteng Provincial Legislature (GPL) seeks to appoint a service provider to lead the review of its operating model and the redesign of its organisational structure applying organisational design principles, systems, tools, and templates to propose a fit-for-purpose organisational structure. This will entail the review of the organisational business processes; job profiles; conduct job evaluation; propose a macro and microstructure for the institution; and review pay scales and in addition advise the GPL on the optimal number of positions required for each job in the organisation.

2. BACKGROUND

The Gauteng Provincial Legislature has undertaken two organisational review and design projects since 2018; however, the results were never implemented. The project undertaken in 2018 was conducted by an external service provider who proposed the macro and micro-organisational structure for implementation by the GPL. However, the GPL decided to halt implementation owing to the COVID-19 lockdown during which a hybrid working model which had a major impact on the execution of some of its functions was implemented.

In 2022, the GPL initiated a value creation project which investigated the business processes analysed by its internal staff members to review its operating model and unlock value by redesigning the organisational structure and enriching jobs impacted upon by the hybrid working model. The project was halted in 2024. In its endeavour to design a fit for purpose operating model and organisational structure in the post-pandemic era, the GPL seeks to appoint a service provider who must be able to review its current operating model, business processes, job profiles and pay scales and propose a redesigned operating model and organisational structure and lead the consultation process involved in the migration from current to new organisation design within a period of **100 days**.
